Disposal Unit

The newest hygienic solution for disposing waste in commercial bathroom stalls

50% more capacity than other metal bins!

- ★ **Touch-free:** Retractable top flaps close automatically after each use to contain odor and conceal waste.
- ★ **Versatile:** Holds menstrual, incontinence, and diaper waste. Compact design fits smaller stalls without sacrificing capacity.
- ★ **Hygienic:** A continuous liner system makes emptying disposal bins cleaner and reduces contact with bloodborne pathogens.
- ★ **Eco-friendly:** Bags made with 20% post-consumer recycled content. No batteries required.
- ★ **Easy to maintain:** Magnetic door closure, no keys required!

DISPOSAL BIN
