- ✖ Safe for the body and environment
- ✖ Impact program
- ✖ Free-vend dispensers
- ✖ Certified woman-owned business
- ✖ Made by menstruators, for menstruators

WORKING WITH THOUSANDS OF SCHOOLS LIKE YOURS

# How It Works

1.

## COMMUNITY

### Find your support system

Rally fellow students who are eager to join the menstrual movement, consider those who may fund the period product program and find the people who will influence the decision to implement the program at the school level.

2.

## COST

### Understand the investment

Determine the initial investment and the recurring investment for a FULL period product program in all academic buildings with Aunt Flow.

#### PRO TIP

Work with SGA to fund the initial cost of dispensers to demonstrate to the school the student support.

3.

## CONVINCE

### Make money moves

Set up an in-person/virtual meeting with school decision-makers to present to them the investment, petition (optional), support, survey feedback and ask for a commitment for implementation.

#### GOAL

Convince administration to fully fund and implement a period product program.

4.

## COMPLETE

### Implement the program

Work with your school to understand the next steps for the pilot program or full implementation and whether your chapter has any responsibility.

5.

## CELEBRATE

### Successfully roll out a pilot program OR prepare for campus-wide adoption

Keep the momentum going by broadcasting your success on social media and connecting with the school or local newspaper to write a story.
