Disposal Unit

The most hygienic solution for disposing menstrual products in commercial bathrooms

Environmentally friendly, hygienic, efficient

The system is touch-free and hygienic. Once waste is deposited, you never see, touch, or smell it ever again.

Aunt Flow's continuous liner system with environmentally-friendly, fully degradable bags makes disposal quick & easy.

Each unit is made from durable, rust-free components. Battery stands up to a year with just 2 "D" cell batteries.

Model No: AF2019

Material: ABS Resin, anti-rust

Capacity: 2 Gallon

Weight: 4.89 lbs.

Dimension: 11.5"(w) x 5.51"(d) x 16.61(h)"
